^{*} The breakdown of transportation revenues is based on certain assumptions.

To better reflect actual circumstances, we have revised the allocation method for revenue from non-commuter passes on conventional lines (Kansai Urban Area and Other Lines). All figures in the above chart, including results from the previous fiscal year, have been calculated using the new allocation method.

II. Future initiatives

Medium-Term Management Plan 2017, "Our Future Direction—The Ideal Form for JR-West"

In addition to clarifying direction going forward, to realize this direction, we viewed the coming five-years as a "period for contributing to the establishment of a foundation for decisive management" and established priority strategies accordingly.

2013-2017

Priority Strategies

Three Basic Strategies

Safety: Safety Think-and-Act Plan 2017 Customer satisfaction: Customer-based management Technologies: Continuous innovation

Four Business Strategies

Shinkansen: "Enhance"
Kansai Urban Area: "Improve"
Other West Japan Area: "Invigorate"
Business Development: "Develop"

Foundation Building

- Enhance technological capabilities
- Improve communications
- Understand and utilize the human factor
- · Improve front-line capabilities
- Recruit and nurture employees and enhance their motivation
- Foster Group unity
- · Cooperate with customers and society

Responsibilities as a Member of Society

- Crisis management
- Global environment

- Compliance
- Disclosure

The "Form of the New JR-West Group" for the next era.

Management Vision

The JR-West Group will strive to contribute to the invigoration of the West Japan area through its business activities, and to that end we will strive to be a corporate group that excels in safety management and earns the trust of customers, communities, and society.

Our Future Direction — The Ideal Form for JR-West

We will fulfill Our Mission.

The JR-West Group will focus on "safety" and "customer satisfaction," as well as on the "technology" that supports safety and customer satisfaction. In this way, we will fulfill our mission of continued operation of railway services as social infrastructure.

As we work to fulfill our mission, we will strive to contribute to the creation of a safe, comfortable society.

We will become

a "company that coexists with communities."

We will contribute to the invigoration of communities by increasing the quality of railway operations, expanding the scale of non-railway operations, and promoting the creation of new businesses. To that end, we will deepen exchange and cooperation with members of communities, and the entire JR-West Group will work together to develop operations that are aligned with the characteristics of specific areas.
