

JR-WEST Free Wi-Fi Service

Easy to use Free of charge for 8days

Map of hotspot locations

- Stations with hotspots
- Stations with free Wi-Fi service from March 1, 2016

Wi-Fi is available in the surrounding area wherever this mark is found. See other side for more details.

Wi-Fi is available in the cabin of the Kansai-Airport Express "HARUKA."

★ Guest codes required to use the service can be obtained at Kyoto Station, Osaka Station, and other stations.

* You need to provide your passport number to obtain a guest code

Osaka Station / Osaka Station City 3F Information (<http://osakastationcity.com/info/>)

Kyoto Station / Kyoto Station Building 2F Kyoto Station Building Information (<http://www.kyoto-station-building.co.jp/guidemap/english.html>)

How to use the free Wi-Fi service

In an Internet-accessible environment before departing

Send a blank e-mail to the address below jrw@forquest.wi2.ne.jp

Get your guest code via e-mail

Configure your Wi-Fi settings

The SSID is JR-WEST_FREE_Wi-Fi

Select the special SSID on the Wi-Fi settings screen of your wireless device.

Enter your guest code on the login screen

The login screen will appear automatically.

You're ready to go!

Once you have logged in successfully, you will automatically be taken to the official JR-West site.

Important Notes

- You must obtain your guest code by yourself at an Internet-capable location. If you cannot obtain a guest code beforehand, directions for how to connect are provided at the locations displayed on the right. We also offer a Wi-Fi service which does not require authentication (JR-WEST FREE SPOT) at the JR Ticket Offices (Midori-no-madoguchi) of the Kansai Airport station. You can obtain the guest code on the spot using the JR-WEST FREE SPOT.

- For communications that require security, the use of a virtual private network (VPN) or a fee-based public wireless LAN service is recommended.

* To use this service, you must configure your settings to automatically obtain an IP address/DNS server address. If an IP address/DNS server address is already set, it is recommended that you make a note of the settings.

* For inquiries regarding other matters, visit <https://service.wi2.ne.jp/wi2net/contact/?lang=en>
