## Layout (Toki-no-hiroba Plaza)

Toki-no-hiroba Plaza will be decorated with around 20,000 pots of flowers.

Typical autumn flowers such as cosmos and salvia farinacea (mealy sage), popular blooms such as gerberas (African daisies) and snapdragons, and autumn gardening stalwarts such as yellow cosmos and plumed cockscombs will create a colorful yet soothing flower garden. We hope that visitors will enjoy relaxing and strolling around, and maybe taking lovely photos of flowers that catch their eye.

## Flower garden

### Halloween flower garden

Like last year, there will be a Halloween themed flower garden. With a giant pumpkin ghost as its centerpiece, and flowers, chandeliers and candles with an orange color scheme, this garden will thrill with its Halloween atmosphere.
