

Price Revision and Review of Products Exclusive for Visitors to Japan

At JR-WEST, we offer two types of products designed specifically for visitors to Japan: the JR-WEST Rail Pass, which provides unlimited travel for exploring the region, and Discounted One-way Tickets.

The price and features of these products will undergo revisions as outlined below.

1. Price revision

From October 1, 2023, the sale price will be revised for some of the JR-WEST products for visitors to Japan and joint products with other JR companies. This price revision considers the fare adjustments implemented on April 1, 2023, and recent usage trends.

* Exchange tickets purchased at an overseas travel agency and tickets reserved via our online reservation (JR-West Online Train Reservation) by September 30, 2023 can still be used at the pre-revision price even after October 1, 2023.

2. Expansion of the number of reserved seat allocations

To make the use of reserved seats even more comfortable, starting on the usage of October 1, 2023, we will remove the restriction on the number of reserved seat allocations for some products, including the Kansai WIDE Area Pass.

Furthermore, from sales on October 1, 2023, we will revise the limit on the number of reserved seat allocations from four to six for the Takayama-Hokuriku Area Tourist Pass and the Ise-Kumano-Wakayama Area Tourist Pass.

3. Other

Considering the increasing prevalence of online bookings, some products will cease to be sold domestically at JR-WEST ticket offices as of September 30, 2023.

Additionally, as more customers now hold an ICOCA card, we will discontinue the sales for "ICOCA & HARUKA" from September 30, 2023.

Plans are underway to revise the Hokuriku Arch Pass, Kansai-Hokuriku Area Pass, and other Hokuriku-area products, in accordance with the extension of the Hokuriku Shinkansen to Tsuruga.

For detailed information about the products subject to price revision and the content of the product review, please refer to the attached sheet.

*We will issue a notice about the future handling of the original design ICOCA exclusive to "ICOCA&HARUKA" (Kansai-airport limited) as soon as it is decided.

Products subject to price revision

	Validity period	Sale price (Yen)*1							Number of reserved seat allocations*2

*1 The sale price revisions will take effect for purchases made from October 1, 2023 (Japan Standard Time).

Listed prices are for one adult. The price for children (6-11 years old) is half of the adult price.

*2 Products that will change the number of reserved seat allocations from "6 times" to "unlimited" will take effect from usage on October 1 (Japan Standard Time).

Based on this, the number of reserved seat allocations for the Kansai-Hokuriku Area Pass will also change from the current "6 times" to "unlimited".

Products that will change the number of reserved seat allocations from "4 times" to "6 times" will take effect from sales on October 1 (Japan Standard Time).

*3 Some tickets and passes may still be available for purchase at the ticket counter of some travel agencies.

The Kansai-Hokuriku Area Pass, Hokuriku Area Pass, and San' in-Okayama Area Pass will also cease to be sold domestically at JR-WEST ticket offices as of September 30, 2023.

*4 This pass is for foreign residents in Japan. It can also be used by short-term stay tourists in Japan. It is sold at select travel agency counters within Japan.

For details on the validity of these products, such as the travel areas covered, check the JR West website.

(Available in English, Traditional Chinese, Simplified Chinese, Korean and Thai)
