How to use

1 Wi-Fi Settings

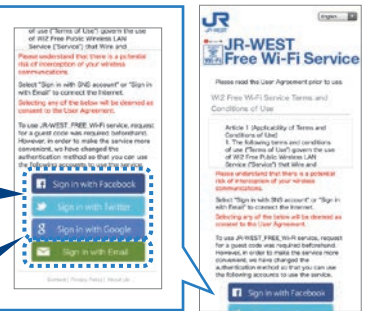

Select
"JR-WEST Free Wi-Fi"
on the Wi-Fi settings screen
of your device, and then start
your web browser.

2 Authentication Method Selection

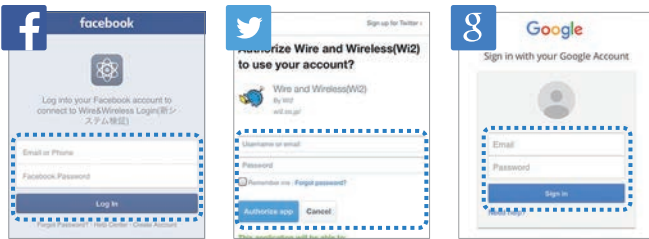

On the usage agreement screen,
select one of the following
authentication methods:

A an SNS Account

B an Email Address

A Authentication with an SNS Account

Enter the details of your SNS account (ID and
password) to complete the authentication. You
can now use JR-WEST Free Wi-Fi.

* You can use a Facebook, Twitter or Google account.

B Authentication with an Email Address

Enter your email address to register temporarily. An email
will be sent to the address you have registered. This email
contains a URL for you to follow in order to complete the
registration. Access this URL during the temporary
registration period (5 minutes) in order to complete the
authentication. You can now use JR-WEST Free Wi-Fi.

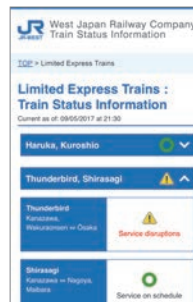

Status of Train Operations

Notifications regarding the status of train operations will be
posted on the JR-WEST website. These notifications include
information on significant delays and disruptions in train
service. Feel free to bookmark the site for future use.

Touch panel digital signage information

You can check the local station vicinity map and train status at each major
station by using the touch panel display installed in those stations. To begin,
please touch where it says "Language."

You can use digital signage
wherever this mark is found.

Main locations

Kanazawa	Kyoto
Osaka	Kyobashi
Morinomiya	Tennoji
