If there’s an umbrella or other object trapped in the doors and the train starts moving, press the Emergency Button.

If the train starts moving with an umbrella or other object trapped in the doors, if you witness a criminal act on the train, if urgent first aid is needed, if you need to report some other danger to a member of the crew, or in any other urgent situation, please press the car’s Emergency Button.

When you press the car’s Emergency Button, the train will make an emergency stop and the crew will take appropriate action. Please do not touch the button other than in an emergency. Misuse will result in prosecution under the law.
